A preventative, early-intervention scholarship designed to support students in the key transition from Year 6 to Year 8.

Who it's for

- For: Students in Years 6–8 who would benefit from support with confidence, wellbeing and connection
- Referrals welcome from: Parents/carers, schools and community organisations

Places are subject to suitability and availability.

Why it matters

- Builds resilience and wellbeing before issues escalate
- Creates connection and positive routines through movement
- Provides practical skills + support pathways for students and families

What the scholarship provides

- **Movement:** Support to access sport and recreation activities that encourage wellbeing, confidence and connection
- **Personalised Therapy:** Supported access to qualified psychology or therapy providers, tailored to the young person's needs
- **Mentoring & Community:** Individual mentoring across both years, with young people growing together in small, supportive groups
- **Workshops:** BREED Learning for Good workshops that build self-worth, emotional awareness, resilience and practical life skills

Connection that grows

Young people journey together in small groups of up to 8, building trust, friendships and a sense of belonging.
